

Low Grow Wildflower Mix

Our Low Grow Wildflower Mix is designed with beautiful species that have longer flowering periods and low growing characteristics. This mix consists of 23 species: 65% annuals and 35% perennials. It is ideal for an area where natural flower beauty and shorter growing flower bed are wanted. This mix will reach a height of approximately 18 - 24 inches.

Botanical Name	Common Name	%
Centaurea cyanus	Bachelor Button, Dwarf	12
Cynoglossum firmament	Chinese Forget-Me-Not	10
