

All Purpose Sun & Shade Mix

Our most popular grass seed mix. It is ideal for both full sun and part shade conditions, containing a mixture of high-performing Perennial Ryegrass varieties and top varieties of Chewing's and Creeping Red Fescue. This mix is generally not recommended for overseeding because the fescue species are slower to germinate and will not compete with mature grass plants.

This mix contains:

- 25% Gator 3 Perennial Ryegrass
- 15% Aspire Perennial Ryegrass
- 10% Banfield Perennial Ryegrass
- 15% Chantilly Creeping Red Fescue
- 15% Creeping Red Fescue
- 20% Longfellow 3 Chewing's Fescue

Benefits:

- Creates a lush green lawn
- Handles drought conditions
- Thrives in both sun or part shade

Seeding Rate:

7 - 8 lbs. per 1000 sq. ft.
(3.2 - 3.6 kg. 100 sq.m.)

Bag Size:

22.7 Kg (50 Lbs.)

Premier Pacific Seeds Ltd. reserves the right to change seed mixes at any time. Premier Pacific Seeds Ltd. ("Premier") warrants that the seeds in this container (the "Seeds") are of the type described on the container within generally accepted industry tolerances. This warranty is in lieu of all other representations or warranties expressed or implied, with respect to the Seeds or crops grown from them, including, but not limited to, any warranty as to variety, description, quality, merchantability or productiveness. The maximum liability of Premier under this warranty is limited to the purchase price of the Seeds. If this warranty is not acceptable to the buyer, the buyer must not plant the Seeds and may return them to Premier in good condition in this container for a full refund of the purchase price.
