ALLIANCE FOR LOW INPUT SUSTAINABLE TURF

A-LIST VARIETY SELECTION PROCESS

The A-LIST is an independent, non-profit, industry initiative, fostering development of sustainable turfgrass varieties and related products that perform their function with less maintenance inputs, thus benefiting the environment. A-LIST monitors a voluntary evaluation program including metrics like water conservation, reduced fertility and traffic, heat, and drought stress tolerances, all with no fungicide or insecticide applications. The varieties listed below represent the currently approved varieties. Be sure to check the A-LIST web site for future lists.

A-LIST CULTIVARS 2023

Kentucky Bluegrass

Jackrabbit
Mercury
SR 2284
SR 2150

Promising

Martha
SRX 2758

Tall Fescue

Fayette
Grande 3
