

# All Annual Wildflower Mix

Our All Annual Wildflower Mix is made up of 23 species that are designed to provide wildflowers for one year. It is ideal for overseeding mixed beds where the annuals have not re-seeded themselves or to rejuvenate a bed that has gone “flat”. The seeds are all annuals or perennials that act like annuals; in other words they will bloom the first year. In some conditions, they may re-seed themselves very well if the bed is to be carried over another year. These species range in height of approximately 6-35 inches.

| Botanical Name         | Common Name                | %  |
|------------------------|----------------------------|----|
| Centaurea cyanus       | Bachelor Button            | 11 |
| Linum usitatissimum    | Blue Flax, Annual          | 9  |
| Mirabilis jalapa       | Four O’Clocks              | 10 |
| Lupinus succulentus    | Dwarf Arroyo Annual Lupine | 10 |
| Cosmos bipinnatus      | Cosmos Sensation Mix       | 7  |
| Eshcsolzia californica | California Poppy - Orange  | 6  |
| Calendula officianalis | Pot Marigold               | 6  |

**None of the following kinds exceed 5% of the total mixture by weight:**

|                           |                                      |
|---------------------------|--------------------------------------|
| Dimorphotheca aurantiaca  | African Daisy                        |
| Lavatera trimestris       | Annual Tree Mallow                   |
| Gypsophila elegans        | Baby’s Breath, Annual                |
| Phacelia campanularia     | California Bluebells                 |
| Iberis umbellata          | Candytuft, Dwarf                     |
| Silene armeria            | Catchfly, Dwarf                      |
| Clarkia elegans           | Clarkia                              |
| Papaver rhoeas mix        | Corn Poppy - Shirley Mix Drummond’s  |
| Phlox drummondii          | Phlox                                |
| Gaillardia pulchella      | Indian Blanket                       |
| Nigella damascena         | Love in a Mist                       |
| Coreopsis tinctoria       | Plains Coreopsis                     |
| Delphinium ajacis         | Rocket Larkspur                      |
| Linaria maroccana         | Spurred Snapdragon - Northern Lights |
| Cosmos sulphureus         | Sulphur Cosmos                       |
| Nemo maculata             | Fivespot                             |
| Linum grandiflorum rubrum | Scarlet Flax                         |

Seeding Rate: 454 grams per 370 sq. m. • 1 lb. per 4,000 sq. ft.

If Hydroseeding, seeding rate should be doubled. • Approximately 399,180 seeds per Lb.

Premier Pacific Seeds Ltd. (“Premier”) warrants that the seeds in this container (the “Seeds”) are of the type described on the container within generally accepted industry tolerances. This warranty is in lieu of all other representations or warranties expressed or implied, with respect to the Seeds or crops grown from them, including, but not limited to, any warranty as to variety, description, quality, merchantability or productiveness. The maximum liability of Premier under this warranty is limited to the purchase price of the Seeds. If this warranty is not acceptable to the buyer, the buyer must not plant the Seeds and may return them to Premier in good condition in this container for a full refund of the purchase price.
