

Partial Shade Wildflower Mix

Our Partial Shade Wildflower Mix is designed for those hard to establish areas that are shaded. This mix will work very well with about 40% sunshine. All flowers do best in full sun and this Partial Shade mix will flourish and prosper with filtered sun. The mix is made up of 12 species: 55% annual and 45% perennials/ biennials. This mix will grow to a height of approximately 24 - 30 inches.

Botanical Name	Common Name	%
